

# NEXT STEPS 6<sup>th</sup> Grade Class

## Sunday Mornings at 9:15

### Room 205 in Discipleship Center

#### Description

This class is designed to help 6<sup>th</sup> graders understand theological principles River Oaks Community Church believes are foundational for students and their faith. We try to make this class engaging, informative, and fun.

#### Expectations and Goals

Students are expected to complete lessons (or portions of the lessons) prior to coming to class on Sunday mornings. We will discuss the material covered in the lessons on the date listed on the calendar below. There is a place at the end of each lesson where parents/guardians are asked to initial to indicate that they are aware of the lesson's completion. Please encourage your student to complete the lessons so that they will learn the basics of our faith, be more confident in sharing in class, and most importantly, develop a growing relationship with Jesus.

We know things can come up preventing students from completing a lesson occasionally; we still want them to come to class.

#### Materials to Bring

Students should bring their *Understanding the Faith* workbook (provided on their first day of class), a Bible, a provided copy of the Westminster Shorter Catechism, and something with which to write. (We will have extra supplies if a student forgets to bring something.)
